## 5 REASONS TO BRIGHTEN YOUR SMILE THIS SUMMER

- 1. You're a Bellevue/Seattle coffeehead.** We're known for consuming caffeine by the gallon. And it stains something awful. Teas, colas and acidic foods like tomato sauce can stain teeth, too.
- 2. You've kicked the habit.** Congratulations! You are now a non-smoker. Celebrate by banishing those nicotine stains forever.
- 3. You've endured medical therapies.** From childhood tetracycline antibiotics to certain chemotherapies, some medicines can permanently darken or 'gray' the teeth.
- 4. You've suffered tooth trauma.** From baseball mishaps and more, when a tooth gets knocked out, internal bleeding ensues that can permanently darken a tooth.
- 5. You're not as young as you used to be.** Teeth are tattletales. They yellow with time and tell our age. Whitening them can take years off your face.

**Get your smile summer-ready at Spektor Dental! Call (425) 454-1322 today for a whitening consultation.** Learn more about our in-office and home whitening solutions on our website at [www.SpektorDental.com](http://www.SpektorDental.com) under Dental Services, Cosmetic Dentistry.
