2013

Wendy Spektor, DDS

Dear Patients and Friends,

'Tis the season to count our blessings, and you are certainly among mine! Thank you for your ongoing trust and friendship, and for again voting me *425 Magazine's* "Best Dentist." It's an honor I cherish and it reflects on our entire Spektor Dental team. May your season be filled with wonder and thanksgiving!

Dr. Wendy

MEET UDO

"I've been a patient of Dr. Spektor for 20 years. She has always been a great advisor and partner in my decisions about dental care and health. It gives me confidence to know that my smile looks as youthful as I feel."

Bacteria Alert Know your pH

As we age, our smiles and even the flora in our mouth change.

Causes include:

- Medication side effects
- Cancer treatment
- Menopause
- Mouth breathing (results in dry mouth)

We depend on saliva to naturally clean our teeth and combat cavity-causing acids. Raising the pH of the mouth helps prevent cavities, especially beneath dental restorations such as bondings, veneers and crowns.

Know your pH and reduce your risk

Let us evaluate your risk for cavities. You take a short questionnaire; we take a simple oral swab to measure pH. Knowing your oral pH – and working to neutralize it – is a preventive step worth taking at any age!

Ask to be screened at your next visit. We'll apply the cost (just \$10) toward any Spektor Smile Store product!

Cosmeceutical FRIDAYS Our Best-Kept Secret!

Dr. Wendy has long offered convenient Botox and Juvederm therapies in the office, with **special offers on Fridays**. This service may be her best-kept secret! Shouldn't it be yours, too? Dr. Wendy is a member of the American Academy of Facial Aesthetics. Schedule a consult or a facial enhancement appointment today at 425.454.1322.
